#### **Why are you a healthcare recruiter?**

I'm pleased to be associated with Burger Rehabilitation and have greatly enjoyed working alongside the Corporate Team; working in Human Resources with Elizabeth Johnson, Director Human Resources, has been a fabulous experience! Moving into the Recruiting Department, while still under the umbrella of Human Resources, is a natural yet stimulating fit. I am a healthcare recruiter for Burger because my passionate interest is people, *I want to make a positive difference for Burger's current and future employees*, and working alongside legendary recruiters, Nancy Ann Vaughn and Jocelyn Sarmiento, is an unparalleled opportunity!

#### **Brief description of your area of responsibility:**

My area of responsibilities includes recruiting staff for all facilities associated with Burger Rehabilitation. I also provide assistance with Skilled Nursing scheduling. Do you know any OT's? Call me!

#### **Why should people consider working with Burger Rehabilitation?**

Burger Rehabilitation welcomes you into their family. The mentoring within Burger is a scarce benefit, these days. As previously mentioned, I am truly pleased to be associated with this company! The open door policy makes the working environment comfortable and Burger cares about each and every employee. Carol Burger, President of Burger, is approachable, welcoming, and a working part of her team!

#### **Hobbies? Favorite Color? Favorite Quote?**

Work and family occupy most of my time; however, when I do have extra time I love to garden and cook – and, they really go hand-in-hand. I enjoy picking herbs and flowers from the garden to cook with; cooking with lavender and rose petals is divine! I also appreciate history and different cultures which fosters my love for travel.
